AGENDA ITEM \_\_\_\_\_

WORK SESSION ITEM WK#3

**TO:** Mayor and City Council

**FROM:** City Manager

**SUBJECT:** Yes to CSUH Website

Last month, the Council adopted a resolution urging the CSU Chancellor and Board of Trustees to reject the proposal to rename California State University, Hayward. The Council also endorsed the notion of working with various constituencies to garner their support in opposing the proposed name change. One way to do so is to avail ourselves of the capabilities made possible through use of the worldwide web. In this regard, staff has developed a website, which we would like to review with the Council. Following your review and comments, the website can be activated.
